

## DYNAMO™ 1000W

SUB  
WOOFER

STEREO/HOME THEATER SUBWOOFER

### THE MOST POWERFUL DYNAMO SUB... IDEAL FOR LARGER ROOMS!

True high-end performance. Home-friendly aesthetics. And power, lots of power! In a nutshell, that's the incredible Dynamo 1000W subwoofer. Dramatic bass detail and attack, superb extension and room-shaking output ensure a music and home theater experience like no other subwoofer in its class can deliver. Features include a 500-watt RMS, 1,000-watt peak amplifier and 12-inch cone driver. Its standard down-firing configuration quickly converts into a front-firing configuration, ideal for discrete installations. The finishing touch—a wireless receiver for a 'cable-free' environment.

<i>Frequency Response</i>	22–200 Hz ± 3dB
<i>Low Pass Filter Frequencies</i>	35–120 Hz
